Projects

Exploratory Data Analysis on Automotive Sales Dataset | Python3, EDA.

Sept 2024 – Dec 2024

- Analyzed customer segmentation and sales trends to improve business strategies.
- Used Python for data preprocessing, visualization, and statistical analysis to uncover patterns.
- GitHub Repository Link: <https://github.com/Lokeshwar2005/EDA-on-Automotive-Sales-Data>

E-commerce android app | Kotlin, XML, Java.

Oct 2024 – Nov 2024

- Developed a feature-rich shopping application using Kotlin, XML, and Java.
- Implemented product listings, cart management, user authentication, and secure payment integration.
- Focused on a responsive UI, smooth navigation, and optimized performance for a seamless user experience.
- GitHub Repository Link: <https://github.com/Lokeshwar2005/E-commerce-android-app>

Student Blog Website | HTML, CSS, JavaScript.

Oct 2022 – Dec 2022

- Designed and developed a dynamic platform for students to share insights, experiences, and knowledge.
- Implemented user-friendly features for blog posting, discussions, and community engagement.
- Focused on responsive design, interactive UI, and seamless user experience.
- GitHub Repository Link: <https://github.com/Lokeshwar2005/Student-Blog-Website>

Internship Training

Board Infinity – Data Science and Analytics

May 2024 - Jul 2024

- I have completed a data science summer training program, where I acquired proficiency in SQL, Excel, Python, and data visualization.
- As part of this program, I undertook a project analyzing the top 100 highest-rated movies from the past decade.
- The project involved comprehensive data analysis encompassing movie details, actor information, and voter demographics. Utilizing Python, I derived compelling insights into the movies and their audience.

Certificates

Machine Learning and its Applications - IIT Roorkee

September 2024

Generative AI – IIT Roorkee

October 2024

Data Science and Analytics - Board Infinity

July 2024

Bits and Bytes of Computer Networking - [Coursera](#)

April 2024

Become A Data Scientist – [LinkedIn](#)

February 2024

Technical Skills

Database Management System: SQL (MySQL).

Data Analytics: Proficient in Pandas, NumPy, Matplotlib, and Seaborn.

Technologies/Frameworks: Git, Tableau, Excel, Cisco Packet Tracer.

Soft Skills: Team Leadership, Adaptability, Time Management, Enthusiastic Learner.

Programming Languages: Java, Python

Education Qualification

Lovely Professional University (in collaboration with UpGrad)

Since July 2022

Computer Science and Engineering — CGPA: 7.3

Jalandhar, Punjab

Sri Chaitanya College

2020 – 2022

Andhra Pradesh Board of Intermediate Education — Percentage: 88.9%

Vijayawada, Andhra Pradesh

Bhashyam E.M High School

2019-- 2020

Andhra Pradesh Board of Secondary Education — Percentage: 79.9%

Ongole, Andhra Pradesh
